

Certification Criteria List for China Environmental Labeling Products

No.	Products Standards	Standard No.
1	Technical requirement for environmental labelling products—Once-used lunch container and drinking sets	HJ/T 202-2005
2	Technical requirement for environmental labelling products—Clay Pigeons	HJ/T 203-2005
3	Technical requirement for environmental labelling products—Fibrous desiccant for packaging	HJ/T 204-2005
4	Technical requirement for environmental labelling products—Products made from recycled paper	HJ/T 205-2005
5	Technical requirement for environmental labelling products—Asbestos free building materials	HJ/T 206-2005
6	Technical requirement for environmental labelling products—Blocks for architecture	HJ/T 207-2005
7	Technical requirement for environmental labelling products—Fire extinguishers	HJ/T 208-2005
8	Technical requirement for environmental labelling products—Soft frinks	HJ/T 210-2005
9	Technical requirement for environmental labelling products—Chemical gypsum products	HJ/T 211-2005
10	Technical requirement for environmental labelling products—Solar Powered Watch	HJ/T 216-2005
11	Technical requirement for environmental labelling products—Products Mothproof Agent	HJ/T 217-2005
12	Technical requirement for environmental labelling products—Pressure Cooker	HJ/T 218-2005
13	Technical requirement for environmental labelling products—Sanitizing Incenses	HJ/T 219-2005
14	Technical requirement for environmental labelling products—Household Microwave Ovens	HJ/T 221-2005
15	Technical requirement for environmental labelling products—Aerosol Products	HJ/T 222-2005
16	Technical requirement for environmental labelling products—Lightweight Wall Boards	HJ/T 223-2005
17	Technical requirement for environmental labelling products—ODS Substitute	HJ/T 225-2005
18	Technical requirement for environmental labelling products—Plastic Pipes for Construction	HJ/T 226-2005
19	Technical requirement for environmental labelling products—Magnetic electric Antiscale Hydrotreater	HJ/T 227-2005
20	Technical requirement for environmental labelling products—Products made from recycled plastics	HJ/T 231-2006
21	Technical requirement for environmental labelling products—Ballasts for tubular fluorescent lamps	HJ/T 232-2006
22	Technical requirement for environmental labelling products—Foamed plastics	HJ/T 233-2006
23	Technical requirement for environmental labelling products—Metal welding gas	HJ/T 234-2006

No.	Products Standards	Standard No.
24	Technical requirement for environmental labelling products—Household refrigerators	HJ/T 236-2006
25	Technical requirement for environmental labelling products—Plastic Doors and Windows	HJ/T 237-2006
26	Technical requirement for environmental labelling products—Footwears	HJ/T 305-2006
27	Technical requirement for environmental labelling products—Household electric washing machines	HJ/T 308-2006
28	Technical requirement for environmental labelling products—Ceramic ware, glass-ceramic ware and glass dinnerware	HJ/T 312-2006
29	Technical requirement for environmental labelling products—Eco-Housing	HJ/T 351-2007
30	Technical requirement for environmental labelling products—Solar Collector	HJ/T 362-2007
31	Technical requirement for environmental labelling products—Domestic solar water heating system	HJ/T 363-2007
32	Technical requirement for environmental labelling products—Faucets	HJ/T 411-2007
33	Technical requirement for environmental labelling products—Ready-mixed concrete	HJ/T 412-2007
34	Technical requirement for environmental labelling products—Remanufactured toner cartridge	HJ/T 413-2007
35	Technical requirement for environmental labelling products—Solvent-based wood coatings for indoor decoration and refurbishing	HJ/T 414-2007
36	Technical requirement for environmental labelling products—Aerosol insecticide	HJ/T 423-2008
37	Technical requirement for environmental labelling products—Kitchen furniture	HJ/T 432-2008
38	Technical requirement for environmental labelling products—Building decoration engineering	HJ 440-2008
39	Technical requirement for environmental labelling products—Waterproof rolling materials	HJ 455-2009
40	Technical requirement for environmental labelling products—Rigid waterproof materials	HJ 456-2009
41	Technical requirement for environmental labelling products—Waterproof coatings	HJ 457-2009
42	Technical requirement for environmental labelling products—Household detergents	HJ 458-2009
43	Technical requirement for environmental labelling products—Wooden doors and steel doors	HJ 459-2009
44	Technical requirement for environmental labelling products—Digital stencil duplicator	HJ 472-2009
45	Technical requirement for environmental labelling products—Leather and synthetic leather	HJ 507-2009
46	Technical requirement for environmental labelling products—Heating radiators	HJ 508-2009
47	Technical requirement for environmental labelling products—Wooden toys	HJ 566-2010
48	Technical requirement for environmental labelling products—Ink for ink jet printing	HJ 567-2010

No.	Products Standards	Standard No.
49	Technical requirement for environmental labelling products—Cases and bags	HJ 569-2010
50	Technical requirement for environmental labelling products—Toner cartridge	HJ 570-2010
51	Technical requirement for environmental labelling products—Wood based panels and finishing products	HJ 571-2010
52	Technical requirement for environmental labelling products—Stationery	HJ 572-2010
53	Technical requirement for environmental labelling products—Ink-jet cartridge	HJ 573-2010
54	Technical requirement for environmental labelling products—Electrical wire and cable	HJ 2501-2010
55	Technical requirement for environmental labelling products—Wallpapers	HJ 2502-2010
56	Technical requirement for environmental labelling products—Printing Part 1: Planographic printing	HJ 2503-2011
57	Technical requirement for environmental labelling products—Camera	HJ 2504-2011
58	Technical requirement for environmental labelling products—Mobile hard disk drive	HJ 2505-2011
59	Technical requirement for environmental labelling products—Color television broadcasting receivers	HJ 2506-2011
60	Technical requirement for environmental labelling products—Servers	HJ 2507-2011
61	Technical requirement for environmental labelling products—Phones	HJ 2508-2011
62	Technical requirement for environmental labelling products—Paper shredder	HJ 2509-2012
63	Technical requirement for environmental labelling products—Voice recorder	HJ 2510-2012
64	Technical requirement for environmental labelling products—Digital disc player	HJ 2511-2012
65	Technical requirement for environmental labelling products—Printers, Fax machines, Multifunction devices	HJ 2512-2012
66	Technical requirement for environmental labelling products—Video cameras	HJ 2513-2012
67	Technical requirement for environmental labelling products—Vacuum cleaners	HJ 2514-2012
68	Technical requirement for environmental labelling products—Ship anti-fouling paints	HJ 2515-2012
69	Technical requirement for environmental labelling products—Projector	HJ 2516-2012
70	Technical requirement for environmental labelling products—Scanner	HJ 2517-2012
71	Technical requirement for environmental labelling products—Lighting source	HJ 2518-2012
72	Technical requirement for environmental labelling products—Cement	HJ 2519-2012
73	Technical requirement for environmental labelling products—Heavy-duty vehicles	HJ 2520-2012

No.	Products Standards	Standard No.
74	Technical requirement for environmental labelling products—Printing, Part 2: Commercial form printing	HJ 2530-2012
75	Technical requirement for environmental labelling products—Refrigerating equipment for industry and commerce	HJ 2531-2012
76	Technical requirement for environmental labelling products—Light-duty vehicles	HJ 2532-2013
77	Technical requirement for environmental labelling products—Mosquito-repellent incense	HJ 2533-2013
78	Technical requirement for environmental labelling products—Battery	HJ 2534-2013
79	Technical requirement for environmental labelling products—Room air conditioners	HJ 2535-2013
80	Technical requirement for environmental labelling products—Computers and displays	HJ 2536-2014
81	Technical requirement for environmental labelling products—Water based coatings	HJ 2537-2014
82	Technical requirement for environmental labelling products—Printing—Recess printing	HJ 2539-2014
83	Technical requirement for environmental labelling products—Wood Plastic Composites Products	HJ 2540-2015
84	Technical requirement for environmental labelling products—Adhesive	HJ 2541-2016
85	Technical requirement for environmental labelling products—Offset printing ink	HJ 2542-2016
86	Technical requirement for environmental labelling products—Dry-type power transformer	HJ 2543-2016
87	Technical requirement for environmental labelling products—Air cleaner	HJ 2544-2016
88	Technical requirement for environmental labelling products—Electronic whiteboard	HJ 2545-2016
89	Technical requirement for environmental labelling products—Textile products	HJ 2546-2016
90	Technical requirement for environmental labelling products—Furniture	HJ 2547-2016
91	Technical requirement for environmental labelling products—Plastic packaging products	HJ 209-2017
92	Technical requirement for environmental labelling products—Gas cooking appliances	HJ 311-2017
93	Technical requirement for environmental labelling products—Culture paper	HJ 410-2017
94	Technical requirement for environmental labelling products—Digital copying (including multi-function) devices	HJ 424-2017
95	Technical requirement for environmental labelling products—Gravure ink and flexographic ink	HJ 371-2018
96	Technical requirement for environmental labelling products—Bamboo products	HJ 2548-2018
97	Technical requirement for environmental labelling products—Household Dishwasher	HJ 2549-2018
98	Technical requirement for environmental labelling products—Disinfecting Tableware Cabinet	HJ 2550-2018

No.	Products Standards	Standard No.
99	Technical requirement for environmental labelling products—Range hood	HJ 1059-2019
100	Technical requirement for environmental labelling products—Cosmetics	HJ 1060-2019
101	Technical requirement for environmental labelling products—Absorbent hygiene products	HJ 1061-2019
102	Technical requirement for environmental labelling products—Reclaimed rubber and finishing products	HJ 1158-2021
103	Technical requirement for environmental labelling products—Small household appliances	HJ 1159-2021
104	Technical requirement for environmental labelling products—Non-sewered sanitation systems	HJ 1160-2021
105	Technical requirement for environmental labelling products—Writing instruments	HJ 1161-2021
106	Technical requirement for environmental labelling products—Laundry and laundry facility	HJ 1162-2021
107	Technical requirement for environmental labelling products—Sanitary wares	HJ 296-2021
108	Technical requirement for environmental labelling products—Ceramic tiles (board)	HJ 297-2021
109	Technical requirement for environmental labelling products—Toys for Children	HJBZ16—1996
